

Informit EduTV

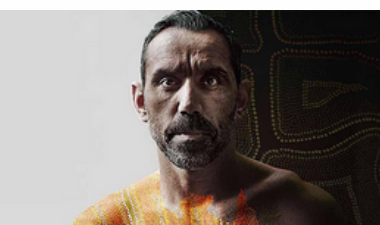

Learn more about the world anytime,
anywhere with streaming video on
Informit EduTV

Informit EduTV is an educational video streaming service offering over 100,000 documentaries, dramas, and television programs carefully curated for teaching, learning and research. Sourced from free-to-air and pay-TV channels, the collection spans from 2006 to the present and covers a wide range of subjects including history, politics, media, literature, science and Indigenous studies

Features:

- **Enrich your learning with educational TV content** EduTV brings a wealth of TV programs directly to your fingertips. Whether you're looking for supplemental resources or engaging learning material, EduTV provides high-quality content to support a wide range of subjects.
- **Access curricular content that enhances learning** Focused on educational programming, EduTV offers content aligned with school curriculum. Easily find videos that support specific subjects, topics, and learning objectives, making it an invaluable tool for educators and learners alike.
- **Stream TV shows for classroom or independent study** EduTV gives you the flexibility to stream TV shows anytime, anywhere. Perfect for classroom use or independent study, this resource allows both students and teachers to access relevant educational on-demand content.
