EXPLORE

Informit Explore is the first Australian research and learning database designed specifically for secondary schools.

Developed in partnership with the Australian Council for Educational Research and aligned to the Australian Curriculum, Informit Explore provides access to millions of articles and videos focused on the issues affecting Australia today.

Login into Informit Explore on your PC, laptop or mobile

Go to search.informit.org/explore
Search and select your institution from the drop-down menu
Enter your passcode OR single-sign-on login details
